**GENERAL NOTES**

Water Meter Modification, contact Development Engineering at 425-556-2840 to get a estimate.

Note {1} Regional Water Connection Charge (CWA): There is established a regional water connection charge which is imposed upon all owners of real property seeking to connect said property and improvements to the City water system. EFFECTIVE 1/1/2009

Note {2} Water System Connection Credit: Are maximum credits for the value of hydrants, transmission and distribution mains, and pump facilities constructed with the project.

<b>WATER SYSTEM DISTRUBUTION CREDIT CALCULATION</b>	
Residential (Plats/Short Plats)	Cost* divided by number of lots in plat = credit per lot
Multi-Family Residential and Mobile Home Parks	Cost* divided by sum of the meter flow factors for all meters including irrigation meters multiplied by the individual meter flow factor = credit for each meter
Commercial Developments, Structures & Buildings	Same as multi-family

\*Total water system improvements cost less any reimbursement agreement repayment amounts. Water system improvements consist of hydrants, transmission and distribution mains, and pump facilities that become part of the City-owned and operated system. No credit is provided for water meters and services, private fire systems, etc..

Actual credit is not to exceed maximum distribution credit allowed as stated on the fee table.
