Deferred Impact Fee Request

Per Ordinance No. 2501 The City of Redmond adopted an amendment to the City's fire, park, school, and transportation impact fee regulations to provide for such fees to be paid at the time of drywall inspection, instead of at the time of building permit issuance.

Impact fees for individually permitted single family attached or detached residential construction shall be paid prior to drywall or sheetrock inspection consistent with a building permit approval. After November 28, 2016 impact fees shall be paid at the time of building permit issuance. Impact fees for all other development types shall be paid prior to the issuance of a building permit consistent with a development approval.

NOTICE: Impact fees are updated on an annual basis; therefore if you choose to defer payment of impact fees to the drywall inspection, the fee in effect at the time of the SHEET ROCK NAILING INSPECTION will be required to be paid.

By signing below you acknowledge that impact fees are due at drywall or sheetrock inspection.
